Detailed Project Description and Justification:

The Anchorage Fire Department is trying to obtain funding for the design and renovation of Fire Station Nine. As the community of Anchorage continues to develop it has grown exponentially on the South end of town. In an effort to provide maximum protection and due to the fact that we have out grown the current Fire Station Nine, we are in need of renovating and expanding it. It is estimated to cost \$4,500,000.00.

Fire Station #9 provides Fire and EMS services to the Lower Hillside, Huffman, O'Malley and Turnagain residents. The station houses a Rescue Truck, Engine company, Water Tender, medic unit, and AFD Rope Rescue Team.

Renovation of Station 9 would expand the living quarters, apparatus bay and replace the dormitory sleeping quarters with individual sleeping rooms.
